

Terms & Conditions for bookings under Campaign

To which bookings applies those Terms & Conditions?

1. Terms & Conditions on this page applies to the following bookings:

- Bookings that are seasonal (birthday, Christmas, etc.) with any discounts applied.
- Any bookings with the public discounts, which are not mentioned on the [Rates page](#) (for example, longer booking special price is no discount so it does not count as a public discount, but limited special prices counts towards to the following T&C unless mentioned otherwise)

2. Terms & Conditions on this page DOES NOT apply to the bookings on which:

- Are booked under normal circumstances, without any additional discounts.
- Loyalty bonus bookings, and Birthday free bookings. Those has individual conditions, which can be found and read on my [Client Status page](#).
- Any discounts that have been given in person and are tied only with particular client.

Otherwise, the following T&C is valid for section 1 bookings:

- Campaign bookings are only for personal use and cannot be passed onto someone else without prior consent.
- Campaign bookings cannot be re-scheduled or cancelled. Nor they are refundable.
- Special campaign booking discount is valid only for one person, unless specified otherwise.
- Campaign bookings can be combined with other bookings, but it will not be extra discounted, and it doesn't belong to long booking special price condition.
- With single campaign booking is not possible to add free perks and bonuses, such as early overnight without extra fee for Frequent, Priority, or VIP clients. This applies the same also to other any

available perks. However, those can be applied at extra and no discounted price, based on the pricing stated on my [Rates page](#).

- Campaign bookings are not exchangeable for money and cannot be sold to someone else.
- The following T&C does not replace the [general booking Terms](#).
- Campaign bookings can be booked based on availability.
- Campaign bookings cannot be booked on weekends and [bank holidays](#).
